Sir pastor Paul Ashe Paulos,

I salute you in the name of lord Jesus Christ our Redeemer whose glory is wide spread.

I am a born of Ikuna village but I work at Lupembe Secondary school as a teacher. Our pupils sum up to 250; they are of either sex. Our school is up to form four.

I am interested in analysing the Gospel Literature I use my evenings and weekends teaching with the Holy Bible My pupils are now becoming very fond of the Gospel. They come to my place in the evenings asking me different questions concerning the Gospel, and they are becoming good at it.

Mr Josiah S. Myamba of Ikuna primary school has notified me of your being. He told me that in order to attain support and encouragement from my audience, I better consult you to help me with Gospel Cassetts because he himself has proved successful in the aspect with the use of them. He dared to tell me to seek membership from you because he himself is his equal as I share the same interest in the Gospel literature. He has got numerous audience because with the help of such cassetts, he has recorded many God praising and Concerning songs and discussions which highly attract people.

Among my pupils Moshaki Amiry, Ahasi Leonard, Lestuda Kihembe are the best interested and lovers of the Gospel Literature. They can help me get a good deal of God's sheep. Would they also be among your members?

You can communicate with them smoothly using the above address.

Yours sincerely,

Jehh Amiry.
